BRYANISM AND DEMOCRACY.

Political parties do not drop political principles by failing to mention them. In 1892 the democratic party declared that republican protection was unconstitutional and a robbery of the many for the benefit of the few. The Chicago convention of 1896 did not discuss the tariff nor repeat the declaration of four years before, but no one doubted that the democratic position was still opposed to republican protection. It was plainly understood and needed no explanation.

The same is true of the democratic party's position on the money question. In 1896 that party declared free silver the paramount issue and in 1900 it reaffirmed the Chicago platform.

In reply to Judge Parker's telegram stating his position on the money question the St. Louis convention said that the money question was not mentioned in the platform because it was not considered an issue in this campaign. The party did not recant. It did not repudiate its paramount issue of 1896 and 1900. It simply passed it over as it passed over the tariff in 1896. No one has denied that the democratic party still stands for free silver now as it has for eight years past. The committee on resolutions by a two thirds vote refused to incorporate even a very mild gold plank in the platform.

Judge Parker may regard the gold standard as irrevocably fixed by law, but the majority of democrats are still ready to change the law in both instances and they will try to elect a Congress which will make the changes. The democratic party has not changed. Judge Parker's telegram is of no more binding force than was Grover Cleveland's promise that his party would not destroy the industries of the country in 1892.

ALL changes in the tariff or enactments in the tariff, should keep in mind at all times republican principles and should be written with complete regard to the protection of the industries and labor of the country.

THE home market of our country, in which you can transport your goods from the door of the factory to the door of the consumer without breaking bulk, is equal to the entire national commerce of the world. Is it not worth keeping? It was built up under the protective tariff.

THE New York Sun, one of the great independent newspapers of New York City, has come out squarely for Roosevelt and Fairbanks. The Wall street crowd that are backing Parker were counting the Sun with them a few days ago. The drift is decidedly towards the republican ticket.

JAMES W. LEWIS who retired from the county clerk's office this week after over four years of service made a most excellent and obliging official. Jackson county never had a more conscientious and pains-taking officer than he. He retires from the office with a host of friends throughout the county.

A FEW days ago Ex-Mayor Armstrong, of Kokomo, for years one of the leading democrats of Howard county, renounced Parker and Davis and declared for Roosevelt and Fairbanks. Now D. A. Wood, of that same city, comes out for the republican ticket. Mr. Wood was a prominent democrat and has made democratic speeches over the state for twenty years. But at last he sees the light.

THE free trader in the United States and the advocate of a tariff for revenue only has long pointed with pride to Great Britain as illustrating the beauties of the free trade system. The leaders of the conservative party in England are now attacking free trade and making plain that it is retarding England instead of assisting in the great contest now being waged between the nations for commercial supremacy.

Russian Admiral Killed.

LONDON, August 13.—The St. Petersburg correspondent of the Central News wires that official details of Wednesday's sea fight state Admiral Witteft, commander of the Port Arthur squadron, according to these details, was standing on the bridge of the battle ship Czarewitch, at the height of the battle, when a shell exploded, blowing him to atoms. The casualties aboard the Czarewitch were 210 killed and 60 wounded. The battle ship reached Kiao Chow with her steering apparatus shot away and most of her machinery so damaged as to be practically useless.

Battle Ships Crippled.

TOKYO, Aug. 13.—Admiral Togo, it is learned, in the sea battle of Wednesday last, concentrated his efforts on the battle ships, with the possible exception of the Czarewitch, were compelled to return to Port Arthur harbor. This fact probably accounts for the escape of the Russian cruisers.

It is ascertained that five Russian battle ships, with the cruisers Diana and Bayan, are now at Port Arthur.

DEMOCRATIC CRY OF ROBBER TARIFF.

Those who are familiar with the political history of the United States for the last twenty-five years will remember how the democratic party each successive presidential election from 1876 to 1892 preached that the "times were hard" and that nothing but a democratic victory, and a democratic revision of the tariff would bring prosperity to the country. Cleveland was elected and when genuine hard times did come the people of the country began to appreciate the benefits of republican rule.

As it has only been eight years since that terrible calamity came upon the people, one would think that the democrats would be slow to start the old song we heard so much of prior to 1892. Nevertheless we are hearing it. The democratic platform refers to the "robber tariff," and Grover Cleveland and Judge Parker are talking of the terrible oppression of the people caused by the protective tariff.

The chances are, however, that the farmer and laboring man who listened to this song during the three campaigns of Cleveland will this time turn a deaf ear. No one who thinks for himself is going to be fooled by this Cleveland-Parker claptrap about prosperity that would come with a free trade tariff.

SENATOR Fairbanks was given an ovation at his old home in Ohio this week when he attended a reunion there and made an address. He is esteemed there at his boyhood home just as he is every place else.

THE Lexington, Kentucky, Gazette, one of the most influential democratic papers in Central Kentucky, in a three column editorial says that Hill, Sheehan, and others of the Wall street crowd perpetrated a fraud on the democratic party in the nomination of Parker. There are a great many democrats in Indiana who think the same way.

Surprised.

Mrs. Frank Bush planned a pleasant surprise last evening for her husband, the occasion being his birthday. Quite a number of friends were invited into their home on North Ewing street, spending a very enjoyable evening.

Farmers in town today all say that rain is needed very badly and that the corn will be greatly damaged unless it gets a good rain soon.

Henry Price returned this morning from a trip through the southwest part of the state as a commercial traveler.

Mrs. Charles Murphy entertained a company of friends yesterday afternoon at her home on north Broadway in honor of Mrs. Jos. H. Houppert, of Birmingham, Ala., and Miss Clara Seiner, of North Vernon. Refreshments were served and the afternoon was spent very pleasantly.

Repudiates Hill's Deal.

The Western Laborer at Omaha, an influential journal which supported Bryan, has declared for Roosevelt. The attitude of the paper is explained in a three-column editorial. One paragraph is:

"We cannot remain in a party which we have seen pledged to turn the government over to a man who dare not state where he stands on public policy until after David Hill and other managers for Wall street, the banks, trusts, and corporations, had duped the party and stolen the nomination for him."

Her Dilemma.

Ethel—I can't decide which of them to accept.
Kate—Why, that ought to be easy.
Ethel—I know; but you see, Jack always gives me roses, and Reggie always gives me violets, and the florist tells me they cost exactly the same price.—Cincinnati Commercial Tribune.

Her Attraction.

Mr. Nervey—Miss Roxley, I adore you. Will you not be my wife?
Miss Roxley (haughtily)—The idea of your proposing to a girl in my station! You should know better.
Mr. Nervey—I do know better, but no richer.—Philadelphia Press.

AGED PREACHERS.

Elder Carpenter and Elder Brazzelton Long in Service.

The two oldest ministers of the Christian church in Indiana are Elder L. L. Carpenter, president of the Bethany Park assembly, and Elder John Brazzelton, of North Vernon. Elder Carpenter is seventy-two years old and Elder Brazzelton is eighty-three. Mr. Carpenter has preached 15,000 sermons, baptized 7,000 people, dedicated 612 churches and raised between \$2,000,000 and \$3,000,000 at the different dedications. He has lived in Wabash for the past thirty-seven years.

Mr. Brazzelton was born in Kentucky in 1821 and moved to southern Indiana when quite young. He commenced teaching school when he was sixteen years old and later was admitted to the bar, but soon after entered the ministry. For twenty-seven years he was pastor of Hartsville Christian church. In 1855 he was elected as a member of the thirty-eighth session of the Indiana state legislature from Jefferson county and in 1883 was elected a member of the fifty-third session of the legislature from Jennings county. He was elected on the republican ticket. Mr. Brazzelton has retired from active work in the ministerial field but spends his summers at Bethany park with Mr. Carpenter. Both of these ministers have many acquaintances in this county.

DIED.

GOSSETT.—Mrs. Henrietta Gossett, better known as Aunt Retta, who resided three miles and a half north east of Seymour, near Ebenezer church, died at 11 p. m. August 12. Paralysis of the brain was the cause of her death. Funeral from the residence Sunday afternoon at 3 o'clock. Mrs. Gossett was 88 years of age and had lived in Redding township about 75 years. She was born at Harrison, Ohio, being a daughter of the late Alvin Wheeler. She was one of the first members of the Ebenezer Baptist church.

SNYDER.—Charles Snyder, residing near Four Corners, died of blood poison, Thursday, Aug. 11, at 1:30 p. m., aged 60 years. Funeral and burial at Four Corners Saturday morning at 8 o'clock.

RAILROAD RUMBLINGS.

Excursion rates to Louisville on account of the Knights of Pythias gathering, went into effect today.

The Big Four has placed an embargo on coal from the E. & T. H. and Southern Indiana railroads, thereby practically cutting out the Greene and Sullivan county fields. The embargo applied to points in the gas belt and Indianapolis.

The annual figures of the Southern Indiana railway were issued Thursday. This line has shown unusual increases for months. In its fiscal year gross earnings increased 37.3 per cent; operating expenses, however, were much more than the preceding year, being 57.13 per cent, against 48.85 per cent. The net for the year increased 15 per cent. The June statement showed an increase in gross of 37.6 per cent.

The Unexpected Frequently Happens.

Mr. Oliver Robertson, a well-known and highly respected farmer of Hamilton township says: "I had tried everywhere and put on everybody's lenses I came in contact with during the past four or five years, in hopes of finding lenses that would enable me to read, but failed, and was recommended to Mr. and Mrs. Harsch as a last resort.

I have now been reading for the past four weeks and my distant vision is greatly improved, and the lenses seem to get better every day I wear them. I can read with comfort and my general health is constantly improving since the eye strain has been stopped, and I publicly commend Mr. and Mrs. Harsch to all who have eye sight troubles."

We have plenty of patients who daily recommend us thus. Mr. and Mrs. Harsch, Optometrists.

Uniform Rank.

Sunday Success Company, U. R. K. of P. will go to Louisville for the encampment next week. Quite a crowd will go down from here during the week. This will be a great meeting and will be the biggest event of the season for Louisville.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

and a Child Whom He Was
Offering Amusement.

While Hiding the Boy on His Back
Strong Swimmer Was Seized
With Cramps.

Indianapolis, Aug. 13.—Two more
victims were added yesterday to the
already long list of drownings in In-
dianapolis this summer. Fred Thomp-
son, a young attorney who was visit-
ing here from Chicago, and little Jack
Thompson, the five-year-old son of
John H. Thompson of 113 Hancock
street, were drowned in Eagle creek,
under the west Washington street
bridge. Fred Thompson was twenty-

DARING DAYLIGHT ROBBERY

Gambler Runs Away With Victim's
Money at Flora Racetrack.

Flora, Ind., Aug. 13.—A daring rob-
bery occurred at the Racing Associa-
tion grounds, just before the calling of
the free-for-all trot. James Roach, a
wealthy farmer near Young America,
came here to witness the races. He
became mixed up with a gang of gam-
blers and was counting his money
preparatory to placing a stake on the
game, when one of the gamblers ques-
tioned his count and asked to recount
it for him. The money was in a roll
of bills and contained \$120. The rob-
ber pretended to count and, watching
his opportunity, he began running
toward a cornfield in the vicinity ad-
joining the racing track on the east,
still clutching the money in his hand.

The police saw the robbery, and be-
gan using their revolvers, but none of
the shots took effect. He was trailed
through the field toward the railroad
track and was captured after a five
minutes' chase. He then gave his
name as John D. Jarrett, with Cleve-

taken to Delphi and placed in jail in
default of bond to appear for trial in
the circuit court.
